Who are we?

Our mission

...Walls. They're the constant in every room and every space. They may have different heights, different widths and maybe even different shapes but they're almost always two-dimensional and flat. Yes, we mean flat, as in dull... and lifeless.

We started Abstract Walls to change this. We want to help you breathe life into your surroundings you by adding a third dimension to create truly Luxury Decorative 3D Walls.

Our Designs

The Abstract Walls in-house design team work tirelessly to create original 3D Wall Panel designs so you can give your homes and surroundings a stunning look at a fair price.

We believe in the value of craftsmanship. Our design experts work directly with artisans around the world and scrutinize every single item that leaves the factories to ensure our products are of the highest quality. Working directly with our partners also means we can keep our prices low.

Our Products

All our Luxury 3D Decorative Wall Panels are made using the highest quality PVC. They are fire-resistant, UV resistant, waterproof, hygienic and wipeable so you can rest easy that your walls will look beautiful for years to come.

Our 3D wall cladding solutions are extremely versatile so they can be used to brighten up any interior and exterior space. Walls and ceilings in bedrooms, kitchens, bathrooms, shower rooms, offices, and hallways can all be enhanced and glamorized. Each panel comes as a lightweight 50cm x 50cm 3D Wall Tile and can be used to cover a whole wall, or applied to a smaller area to create a unique 3D Wall Mural.

We know trends change and so do our tastes, so our unique Decorative 3D wall panels are made to be removable. By choosing to install using removable adhesive products, you can create a semi-permanent feature wall that will look great for as long as you like, and can be easily removed without any damage when you fancy a change.

And what's more, our wall panels are lightweight, easy to install and mess-free so you can get the look you want without any of the hassle associated with tiling, wallpaper or paint.

Our service

It's not just your home that our 3D wall panels will look great in. They look stunning in commercial and hospitality settings too! Restaurants, hotels, cafés, and offices can all be transformed into mesmerizing spaces so you can wow your clients, customers and colleagues. As part of our bespoke service, we can help you to coordinate your commercial project if you need us to – just get in touch!

We love what we do, but more than anything, we want to help you fall in love with the space that surrounds you.

Why choose Abstract Walls?

We all love beautiful spaces. But at Abstract Walls, we understand that decorating, wallpapering and tiling can be difficult, messy and ultimately become a hassle. Fortunately, we have a solution – easy to install, removable, luxury 3D wall panels. We've created 3D wall panels that you can DIY install without the need for a tradesman to help you create a stunning feature in a fraction of the time without any of the hassle nor the mess.

There are many options when it comes to choosing the right material for your wall panels. At Abstract Walls we use only the highest quality PVC for all our luxury 3D wall panels to ensure your wall looks perfect for years to come and easily be removed when you fancy a change. What's more, all of our panels can be painted so you can create a truly personalized look!

We offer the safest and most durable solution to cladding your walls with our fire-resistant, UV resistant, lightweight and waterproof 3D wall panels which are easily wiped clean so you can redefine any space, worry-free.

Have a look at the table below and see why, when it comes to deciding the right material, there really is no choice!

✔ UV resistant	✘ Not UV resistant	✘ Not UV resistant
✔ Lightweight	✔ Lightweight	✘ Very heavy
✔ Removable	✘ Removal may cause damage to panel	✘ Not removable
✔ Paintable	✘ Painting may cause disintegration	✔ Paintable

As easy as 1,2,3...

Installing our wall panels is super easy and mess-free. No tradesmen to rely on and no special tools required. What's more, you can either install using permanent adhesives for when you have your heart set on a design or use removable solutions if you want to refresh your space hassle-free.

Permanent Application

Instant grab adhesive

- ✓ Low Cost
- ✓ Flush fit to wall
- ✓ Suitable for semi-finished walls
- ✗ Must be applied quickly
- ✗ Temporary odour during installation

Step 1 - Adhesive

Use a mounting adhesive on all outer and inner edges of the panel

Step 2 - Mount

Place the panels tightly next to each other and press gently

Step 3 - Fill Seams

Fill in any gaps with a paintable acrylic sealant or decorator's caulk

Removable Application

Hanging strips

- ✓ Easy installation
- ✓ No odour
- ✓ Firm adhesion
- ✗ Higher cost
- ✗ Requires greater accuracy

Step 1 - Adhesive

Apply hanging strips or double sided tape along all four edges of the panel

Step 2 - Mount

Place the panels tightly next to each other and press gently

Step 3 - Fill Seams

Fill in any gaps with a paintable acrylic sealant or decorator's caulk

HYGIENIC & HASSLE FREE

Our Luxury 3D Wall Panels are made using the highest-grade PVC to ensure maximum durability.

Quick and easy self-installation using permanent or removable application methods so you can reimagine your space as many times as you wish – hassle-free!

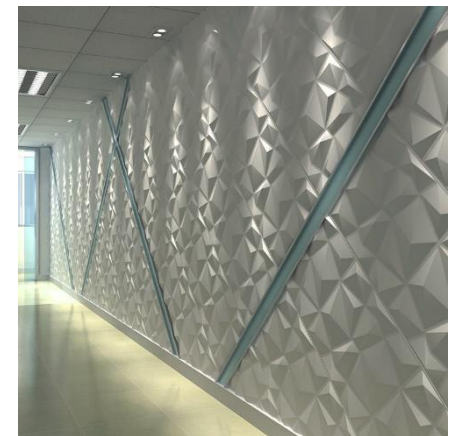

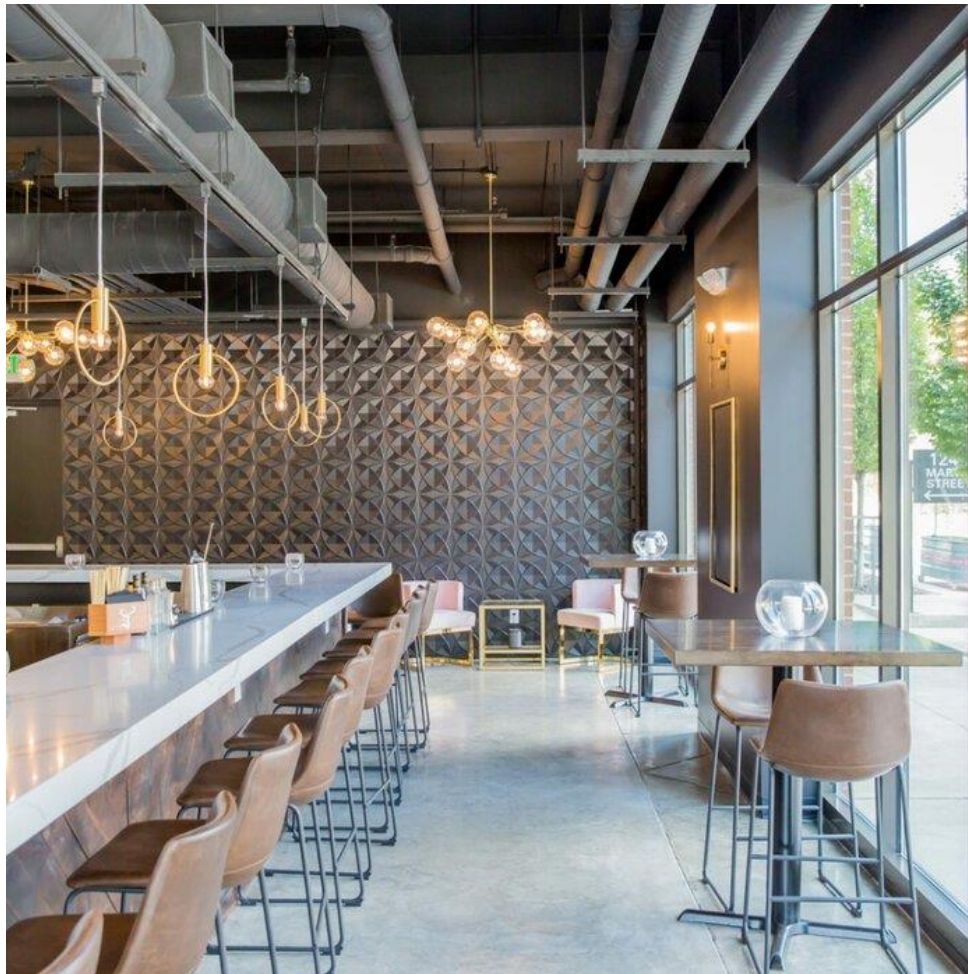

Non-toxic, lead free and easily cleaned with non-abrasive cleaners, Abstract Wall's cladding solutions are great for ensuring the highest levels of hygiene.

STUNNING FEATURE WALLS

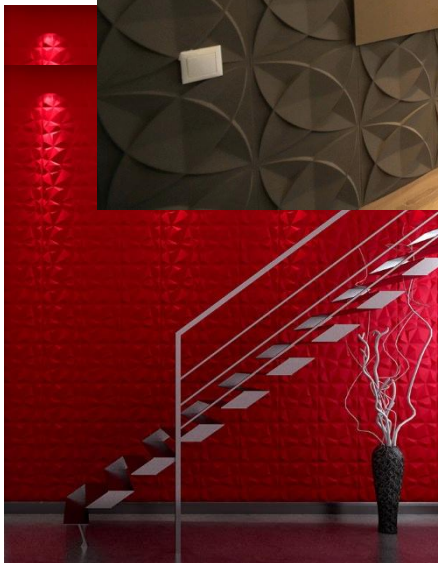

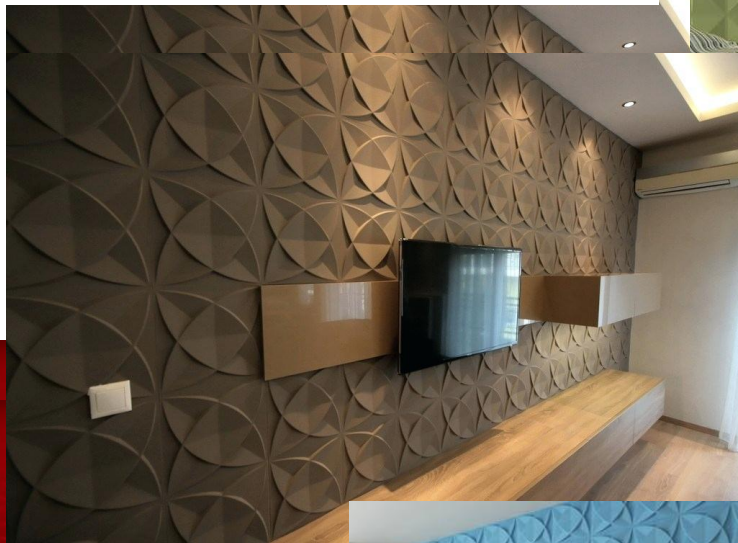

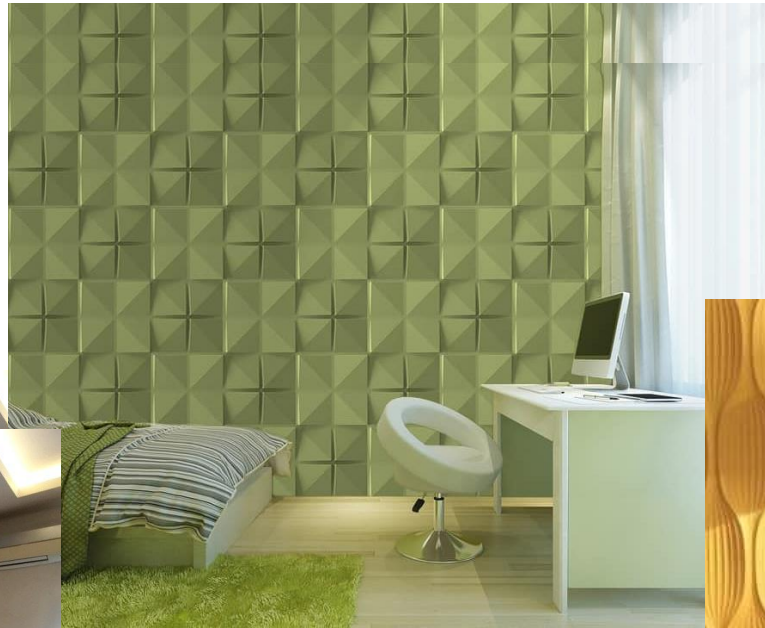

Suitable for residential, commercial and hospitality environments so you can create breathtaking spaces that wow your guests and clients alike.

Waterproof as well as fire, fade and UV resistant for a stunning, long-lasting solution.

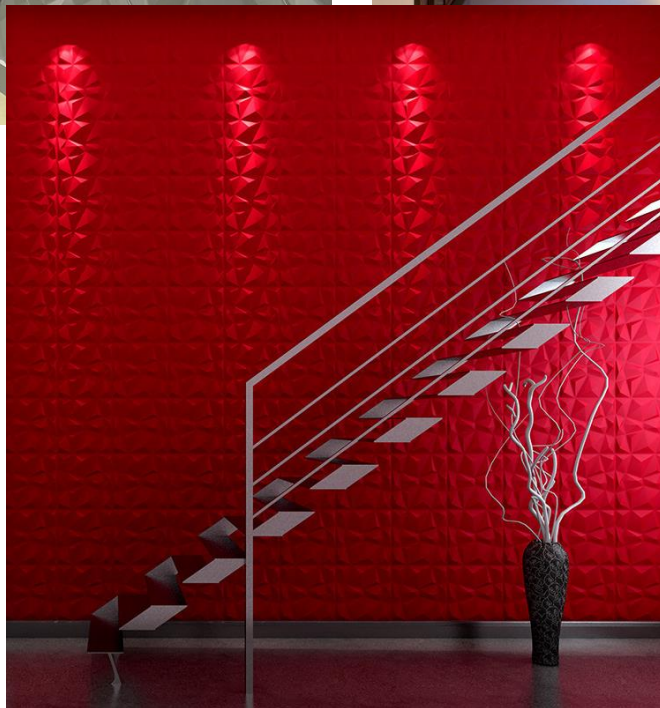

Why not add some colour?

Our panels look stunning in their original state but if you fancy a more striking design, why not add some colour? Our panels work great with most emulsion paints so you can give your wall a totally unique finish.

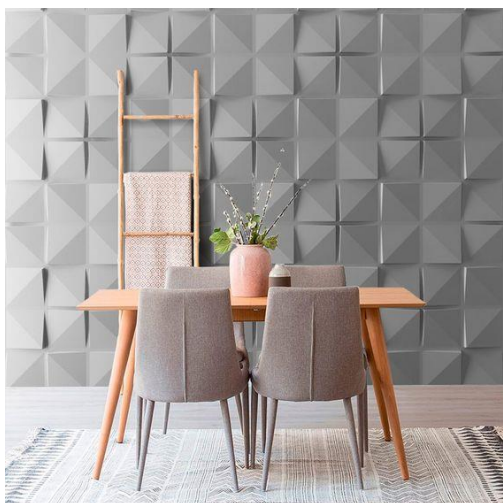

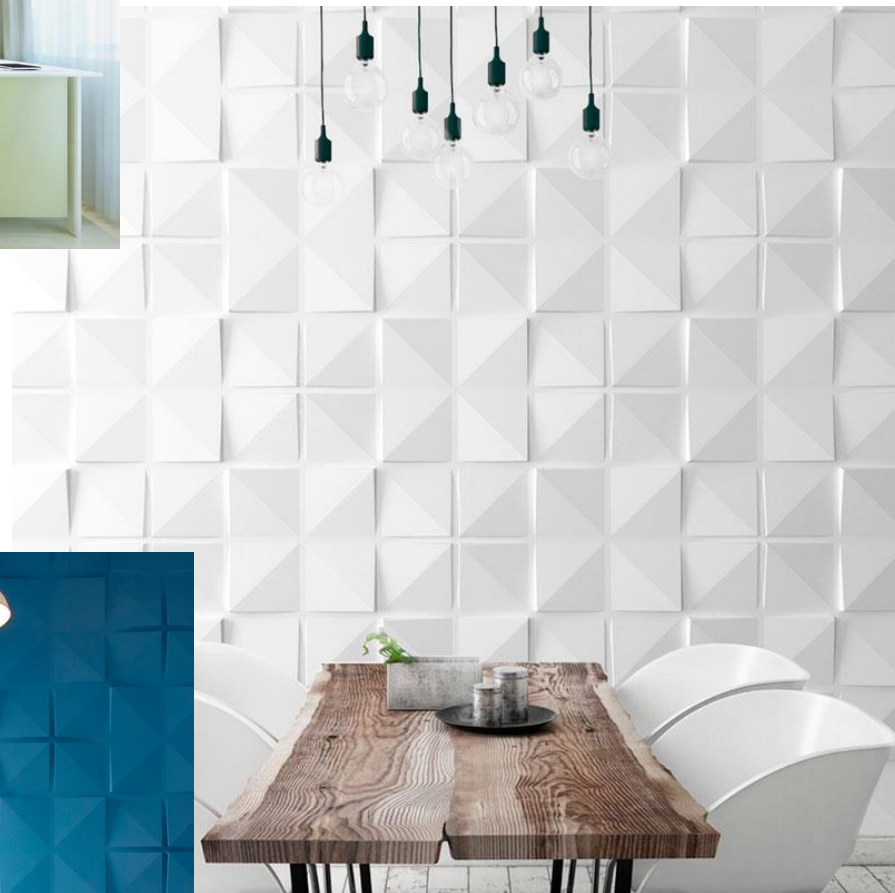

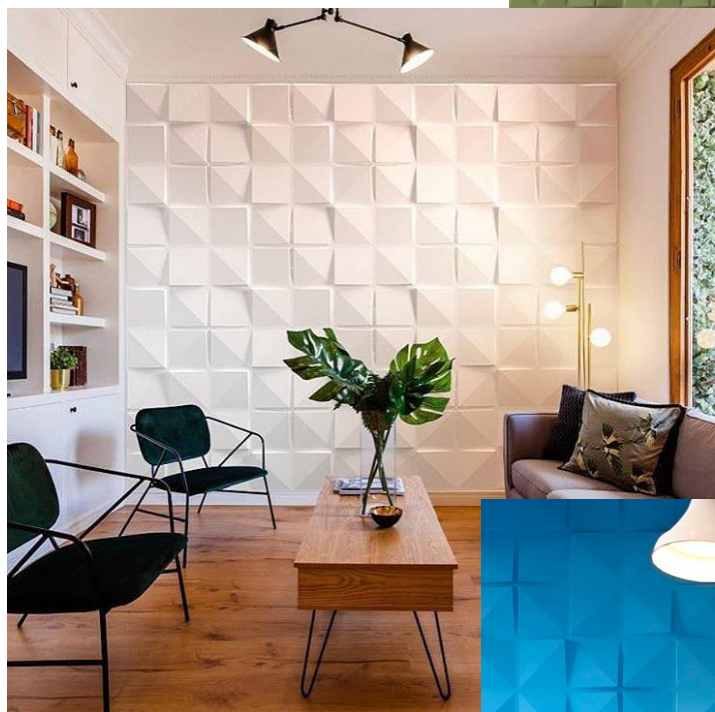

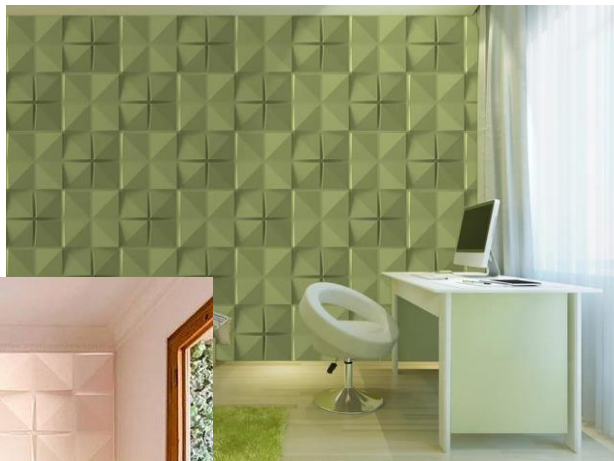

For the easiest solution, shop our range of all-in-one spray paints which come with primer built in or if you want to mix your own colours, apply using our spray gun for a fast and professional finish.
